

United Electric Cooperative, Inc.
RATE 15
Interruptible Irrigation Service

EFFECTIVE: July 1, 2009

APPLICABLE TO: All Interruptible Irrigation Services

AVAILABILITY

Available to single-phase and three-phase irrigation services which agree to eliminate their kW load from the Cooperative's system during the Cooperative's peak times. Curtailment periods will be limited to no more than 200 hours per calendar year. Subject to the established rules and regulations of the Cooperative.

CHARACTER OF SERVICE

The voltage, phase and frequency of all service under this rate schedule shall be only as specified by United Electric Cooperative. Consumer will connect equipment so that the load on any one phase will not exceed the load on any other phase by more than 15%. The Cooperative reserves the right to impose reasonable restrictions limiting the initial instantaneous starting current drawn from the Cooperative's power facilities by the consumer's motors or other types of electrical apparatus.

MONTHLY RATE

Service Availability Charge	\$1.48 per day
First 1,000 kWh	11.4¢ per kWh
Next 1,000 kWh.....	10.8¢ per kWh
Excess kWh	9.8¢ per kWh

MINIMUM MONTHLY CHARGE

The minimum monthly charge under this rate shall be \$1.48 per day where twenty-five (25) kVA or less of transformer capacity is required. For consumers requiring more than twenty-five (25) kVA of installed transformer capacity, the monthly minimum charge shall be increased at the rate of one dollar (\$1.00) for each additional kVA of installed capacity required.

CONTRACT

Members served under this rate may be required to execute a contract for service which will be for such term, and may provide for such minimum bill, facilities charge, and deposit as the Cooperative finds necessary in view of the conditions of service. The contract will specify the amount of power which the Cooperative agrees to have available and the available voltages.

The contract will provide for application of this rate schedule as it may be amended, from time to time, by action of the Cooperative's Board of Directors.

DELIVERY POINT

Unless otherwise specified in the service contract, the delivery point shall be the metering point when service is furnished at secondary voltage, or the point of attachment of the Cooperative's primary line to the consumer's transformer structure if service is furnished at primary line voltage. All wiring, pole lines and other equipment (except metering equipment) shall be owned and maintained as specified by Board Policy.

TERMS OF PAYMENT

If a bill is not paid by the specified due date, a late payment service charge, as specified by Board Policy, shall apply.

GENERAL RULES AND REGULATIONS

Electric service supplied under this schedule shall be subject to such additional terms and conditions as may be adopted from time to time by the Cooperative's Board of Directors.
